

Partnership for Integrative Cancer Research

Annual Symposium – Thursday, February 20th, 2020

John Edward Porter Neuroscience Research Center
National Institutes of Health, Bldg. 35A, Room 640

9:30 – 10:00 Registration, badge pickup, speaker A/V check

Session 1 chair: Dan Larson, NCI

10:00 – 10:20 **Vanja Lazarevic**, NCI

“Transcriptional Regulation of Neuroinflammation”

10:20 – 10:40 **Xiaoming He**, UMD

“A low pH-activated nanobomb for targeted therapy of triple negative breast cancer with RNA interference”

10:40 – 11:00 **Lakshmi Balagopalan-Bhise**, NCI

“A journey into T Cell Activation: Enjoy the CAR ride”

11:00 – 11:20 **Alisa Clyne**, UMD

“3D in vitro models of cancer-vascular metabolic interactions”

11:30 – 1:00 Lunch

Session 2 chair: Wolfgang Losert, UMD

1:00 – 1:20 **Dorothy Beckett**, UMD

" Tuning Biotin-responsive dimerization through single amino acid substitution"

1:20 – 1:40 **Barry Liang**, UMD/NCI

“Lasering in on ABC Transporters to Overcome Cancer Multidrug Resistance”

1:40 – 2:00 **Eckart Bindewald**, NCI

“Determining KIR Genotypes from Genome-wide Sequencing Data”

Administrative Questions – please contact the Partnership Coordinator Catha Stewart cstewar2@umd.edu
